

ADOBE® INDESIGN SUPPORT

We help you teach professional-level graphic design and more.

PREPARE
THEM FOR
THEIR
FUTURE.

We support industry-standard programs with essential software

- **Indexing:** Our InDesign extension will index your entire book in minutes. It also allows you to build and edit your index over time, so you can check for spelling errors before you submit pages.
- **How to:** Online resources instruct students on real-world design skills.
- **Head start:** A full library of Square One templates and mods are available for students to learn design principles quickly.
- **Portraits panel:** Our Panel Builder extension walks through building templates for portrait pages in minutes, calculating the number of pages needed.
